OGDEN ROAD TO BUILD NORTH

Local Electric Line Will Connect This Year With Brigham City.

Rights of way over the proposed route of the Utah Northwestern railway, between Utah Hot Springs and Brigham City, have been accepted, and the Ogden Rapid Transit people are to proceed immediately to construct the road. This will bring Brigham City into electric communication with Ogden this year.

The franchise obtained from Box Elder county, which was accepted Saturday, provides: Electricity, compressed air and gasoline, or any improved power, shall be used as the motive power in the operation of said railroad, except in the construction thereof, and for the movement of obstructed and disabled cars thereon, and for the clearance of said railroad from any obstruction whatever when electricity or other motive power shall be inadequate or unequal to the occasion.

"Provided, however, that steam power may be used on said railroad for a period of twenty-five years for the hauling of freight, gravel and road material hereinafter provided, between the hours of 10 p. m. and 6 a. m. The said grantee, his successors and assigns aforesaid, shall operate cars upon the said railroad with all necessary and modern improvements for the convenience, comfort and safety of passengers, which said cars shall be run thereon each and every day, both ways, and that a reasonable rate of speed shall be maintained in operating said railroad."

Huntsville people who are in the city today to attend the beet raisers' meeting at the court house, say they are anxious to have the Ogden Rapid Transit company extend its road to the "valley" this spring. They say the land owners of the upper valley, and in the canyon near the valley, are ready to grant rights of way, and they say also they understand the company is favorable to building this year if the right of way question can be settled.

Officers of the Rapid Transit company state that the company is ready to begin operations for the extension of the road to Huntsville just as soon as a right of way is granted through the canyon beyond the Hermitage, but that no grants have yet been offered.

BACKACHE MEANS DIRTY KIDNEYS

A Few Doses Clean and Regulate the Kidneys and You Feel Fine.

No man or woman here whose kidneys are out of order, or who suffers from backache or bladder misery, can afford to leave Pape's Diuretic untreated.

After taking several doses, all pains in the back, sides or loins, rheumatic twinges, nervousness, headache, sleeplessness, inflamed or swollen eyelids, dizziness, tired or worn-out feeling and other symptoms of clogged, sluggish kidney simply vanish.

Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery ends.

The moment you suspect the slightest kidney or bladder disorder, or feel rheumatic pains, don't continue to be miserable or worried, but get a fifty-cent treatment of Pape's Diuretic from your druggist and start taking as directed, with the knowledge that there is no other medicine at any price, made anywhere else in the world, which is so harmless or will effect so thorough and prompt a cure.

This unusual preparation goes direct to the cause of the trouble, distributing its cleansing and vitalizing influence directly upon the organs and glands affected and completes the cure before you realize it.

A few days' treatment of Pape's Diuretic means clean, healthy, active kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

YOUTHFUL THIEVES PLOTTED MURDER

Proposed to Kill Aunt of One of Their Number if She Resisted Robbery.

Salt Lake, March 26.—Apparently unaware of the heinousness of their plot, Ernest Howard, 18 years of age, with James Whyte, 15, arrested Friday afternoon with Alma Herbst, 17; Dennis Bowthorpe, 15, and Clarence Howard, 16, by Deputy Sheriff Emery and Charles Speery of the juvenile court, made the following statement in the presence of Sheriff Sharp, Deputy Sheriff Seeger, Probation Officer Sperry, Deputy Sheriff Emery and Claud Russell, Friday night, at the county jail. The statement was made by both boys with the utmost nonchalance, and for the moment appalled their hearers, hardened as they are by similar expressions from adult criminals:

"We intended to go to the home of my aunt, Mrs. Howard, April 15, after the Howard boys, who work in the brickyard, had drawn their wages and had taken their money home to my aunt. We planned to wait until we saw the boys go out of the house and then break in and get the money. If the old lady made any fuss we made up our minds to kill her and then to get the money and escape. If she was not at home we would take the money and hide it in our cave."—Young Howard's statement.

Memphis, Tenn., March 26.—Tommy Garry of Chicago and Tommy Bresnahan of Omaha fought eight rounds to a draw here last night.

USE MANY ORANGES THIS YEAR.

Evidence That Many Families in This Vicinity Are Taking Advantage of Splendid Fruit Crop.

That residents of this vicinity are taking advantage of the splendid crop of California oranges this year is shown by the large general consumption of "Sunkist" oranges during the past few weeks.

Reasons for this are pointed out by local merchants who handle this brand. It is declared that "Sunkist" oranges, cultivated by members of the California Fruit Growers' Exchange, have exceeded even their previous record for exquisite lusciousness and full and ripened flavor.

STRANSKY WATERLESS QUICK COOKER

Cooks in its own steam. All the strength and flavor retained. FOR MEATS, POULTRY, VEGETABLES AND FRUITS.

Lasts for years. Cooks in one-third less time. Prevents burning or scorching of food. Prevents "catching" inside. Prevents unpleasant odors. Gives food a delicious flavor not to be had in other utensils. Saves time in cleaning because the inside remains perfectly white, and the cooking need not be watched.

VETERANS GIVE PLEASING DANCE

One of the most successful dances given by the Veteran Firemen's association was held at the Royal Dancing academy Friday night, attended by about one hundred couples. The affair was in the nature of an old-time party and the dances were in most part those that the old time firefighters with their sweethearts and wives danced thirty years ago.

Everything that is known to the entertainers art was employed by the members of the association to insure their guests one of the times of their lives. The firemen all acted as members of the various committees, with J. R. Paine as chairman.

The music was furnished by an enlarged orchestra and was excellent.

BLACK HAND HAS ANOTHER VICTIM

New York, March 26.—Another of Lieutenant Petrosino's former aides was fatally wounded today, a victim of Black Hand vengeance. He was Thomas Marsisco, a youth who had been employed on the confidential squad maintained by Petrosino up to the time the latter left for a visit abroad and was assassinated in Palermo.

Marsisco had been shot once before and had quit the regular force at his father's request, and became a special officer.

It was while following a burglar clue obtained with the receipt recently of letters in connection with Black Hand work that he was shot today by an Italian near St. George, Staten Island. His assailant was arrested.

GIRL STOLE CREPE FROM DOOR KNOBS

New York, March 26.—For stealing crepe from door knobs, to which it had been tied to indicate mourning for death, Lillie O'Neill, 20 years old, has been sent to Blackwell Island penitentiary for ninety days. The policeman who arrested her said she had indulged in several of these exploits, and that her excuse was that she wanted the crepe so she might make a new Easter bonnet for herself.

SENATOR SMOOT CONFERS WITH TAFT

Washington, March 26.—After a conference with President Taft today, Senator Smoot of Utah said he thought the conservation measures recommended by the President would go through congress with little opposition. Mr. Smoot, who is chairman of the sub-committee of the senate committee on public lands, told the President that on Monday next he would report the administration bill dealing with the withdrawal of water power sites on public lands. This bill will give the President, through the secretary of the interior, power to withdraw from entry such water power sites as he may deem necessary.

FIFTY LIVES LOST IN THE WRECK.

Marshalltown, Iowa, March 26.—The death list resulting from the wreck of the Rock Island Twin City express, near Green Mountain last Monday, was increased to fifty, when L. M. Wallin of Washburn, N. D., died here today.

ENGINEERS TO DEMAND INCREASE OF WAGES

New York, March 26.—Demands are to be made on all railroads in the East by the Brotherhood of Locomotive Engineers for increases in wages. These demands, the engineers say today, are really more in the form of "requests" for a readjustment of wages.

Alaska, occupied the stand throughout the morning. He declared that the Guggenheims had been unjustly abused ever since they went into Alaska and asserted that they had never tried to use undue influence in any direction of to shut out competition.

The defense planned to proceed with its case late this afternoon.

Mr. Ballinger probably will not be called until near the close of the inquiry.

WOMAN IS ATTACKED

New York, March 26.—Miss Alice Goodrich returned to her thirty-eighth street home early this morning and, as she entered the hall of the apartment house, found a man groping about.

"Never mind, I have a key," she said, and started to put her own key in the lock. As she stooped the man struck her over the head with an iron bar. She fell and he grabbed her pocketbook and ran out of the hall.

From a street corner, a block away, a policeman saw the man running and gave chase, cornering his quarry in a basement a half mile away. As the policeman approached him, the man drew a pistol, but the bluecoat knocked it out of his hand with the butt of his own revolver before the fugitive could shoot.

The prisoner said he had no name and no home. He will be held to await the outcome of Miss Goodrich's injuries. She was taken to a hospital, where it was said that her condition would probably not prove serious.

DECIDE FOR BALLINGER.

Washington, March 26.—The "prosecution" practically closed its case before the Ballinger-Pinchot investigating committee at the morning session today.

Attorney Brandeis, representing Louis R. Glavin and others, made an unsuccessful effort to have Secretary Ballinger called as one of his witnesses. The committee unanimously ruled against the attorney and called forth a protest which Mr. Ballinger's lawyer characterized as "most malignant and leprous."

HIGHER PAY FOR COUNTY TEACHERS

Board of Education Favors Increase of Salary at Weekly Meeting.

At the meeting of the county board of education Saturday the question of teachers' salaries came up for brief discussion, and the general sentiment expressed by members of the board was that there should be a slight raise in some of the salaries.

It was reported that applications for positions are being received daily, and it was decided that the matter of employing teachers for the ensuing year should be taken up at an early date.

The contract for the construction of the Eden school house was given, and building will begin immediately. The contract for the Pleasant View school will be let within ten days. Both buildings will be finished in time for the opening of the schools, next September.

KANSAS CITY HAS NEGRO MURDERERS

Kansas City, Mo., March 26.—Sergeant Edward Quinn, one of the oldest members of the local police force, was shot and perhaps fatally wounded in an encounter with two unidentified negroes here late last night. His assailants escaped.

Quinn came upon the negroes while they were loitering in front of a store. Without a word, the blacks attacked him, one of them cutting him with a razor and the other pressed a revolver to his right breast and fired. The negroes then fled. Quinn fired three shots at them without effect.

DRANK BEER UNTIL NOW HE IS DYING

Beaver Falls, Pa., March 26.—When the black beer signs made their appearance here, Joseph Bova, an Italian fish dealer, made a wager that he could drink 250 glasses of the beer in three days. He won the wager, but he is now in the hospital in a critical condition. He is dying of heart failure.
